

Adopt-a-Pony Program Pledge

Our ponies are as unique and special as those we serve – people living with a disability. Pegasus has a stringent selection process for the acquisition of ponies, and it's based on:

- health and soundness
- confirmation (smooth and balanced gate); and most significantly
- a calm and intelligent temperament.

Ponies with these qualities make a commendable companion, teacher and therapist for people with a disability.

Our pony activities include mounted and unmounted programs. They enable both horse and rider to be as one. The horse emulates that of a human walk – improving coordination, muscle development and fitness – and their unobtrusive and gentle nature helps build confidence and develops self-esteem.

It costs approximately **\$3,000** a year to ensure Pegasus ponies are 'up to the job'. In their duty of service, it is vital to ensure our ponies:

- receive further education for the discipline required to successfully aid our riders
- maintain their health and well-being through vet, farrier and dental needs
- ensure a calm temperament through an appropriate diet of fresh and healthy fodder.

Your adoption of a pony does this and so much more! **In recognition of your pledge to adopt a Pegasus pony, Pegasus will provide:**

- opportunities for you to visit your adopted pony
- a certificate of 'adoption'
- a photo of your pony
- signage on the stable door
- acknowledgement of your contribution in our quarterly newsletter – HoofPrint
- acknowledgement of your contribution on our website
- quarterly updates on the health, progress, and achievements of your pony.

Adopters make a valuable contribution – helping Pegasus maintain the upkeep of our animals, and therefore providing a better service for people living with a disability.
